

Enriched Learning Center: Weekend Rafting

The Magalloway and Rapid Rivers have a rich logging, fishing, and recreational paddling history. The Magalloway River is an intense near constant Class III rafting trip and is set up well for multiple runs for guests. Although it has been a few years since the Rapid River has been run commercially, the Enriched Learning Center is pleased to offer unique custom trips for this remote and scenic class III-IV wilderness rafting experience. Both of these rivers are dam released and as such, need to be booked in advance. Due to the wild setting of the Rapid River trip and the logistics required, each trip is considered to be a custom trip, and ELC will make every effort to tailor a trip that exceeds each guests expectations.
